Affected Class(es): All

Specific Rule Information: [Note: All fields must be completed for consideration.]

Author's VERY BRIEF Summary of Proposed Action: The rule proposal is to provide an expedited path for new drivers, who have successfully completed the Inboard Driving School, to complete their driver qualifications.

Affected Rule: 11.4

Proposed rule: Add new section 11.4.1.1 New drivers who have successfully completed the Inboard Driving School shall run two (2) heats, starting at the rear of the pack, and advancing only to a position predetermined by the referee. After successfully completing the first 2 heat requirement, the driver shall run three (3) heats starting in the farthest outside position during these heats and advancing as predetermined by the referee.

Reason for change: This will be an enticement for people to attend the driving school. Many new drivers require the entire year to complete their new driver requirements, some do not finish in one racing year. New drivers who have completed the Inboard Driving School have the benefit of having experience on a racecourse under the supervision of one or more of our highly qualified drivers. They also have the benefit of receiving classroom instruction.
