Affected Class(es) S.E.

Specific Rule Information: (Note: All fields must be completed for consideration.)

This rule requires the use of only 2-bladed propellers

Author's VERY BRIEF Summary of Proposed Action:

I am proposing to delete this rule entirely.

Affected Rule:

55.1.10. SE boats are to run with only 2-bladed propellers

Proposed rule:

I am not proposing any new rule. I am requesting to delete this rule entirely.

Reason for change:

The use of 3 bladed propellers gives the boat a more predictable and stable ride in varying water conditions, which is safer. This would also equalize all classes by removing the unique propeller requirement in this one specific class.
