General Safety Rule

General Racing Rule

Stock Class Technical Rule *

Modified Class Technical Rule *

Affected Class(es): 1 LITER

Specific Rule Information: [Note: All fields must be completed for consideration.]

Author's VERY BRIEF Summary of Proposed Action: To make the currently used motor legal in the class without major modifications, This rule will only change size less than 2%

Affected Rule: 41.1.2 Maximum displacement, including clearances : 2 cycle - 1160cc

Proposed rule: 41.1.2 Maximum displacement , including clearances: 2 cycle – 1180cc

ADD 100LBS TO TOTAL WEIGHT

Reason for change: Racing is expensive no matter which class you choose since I am a water sports service center this is the class I like and spending so much money for only a less than 2% gain does not make much sense
