Affected Class(es): 1.5L & 2.5L Stock

Specific Rule Information: [Note: All fields must be completed for consideration.]

Author's VERY BRIEF Summary of Proposed Action: Combination of Classes

Affected Rule: New Rule

Proposed rule: 1.9L Ford motor is legal to run in the 2.5L Stock Class by leaving the engine ignition timing in the Ford stock configuration

Reason for change: This will allow any 1.5L boats that are running this motor to be able to be combined with the 2.5L Stock and also introduce EFI engines into the 2.5L class
