19 Buoys

Author's VERY BRIEF Summary of Proposed Action:

Allow race committee to use other method of differentiating buoys if different color buoys are not available

Affected Rule:

19.5 & 19.6

Proposed rule:

Add the following: If different color buoys are not available, race committee may use buoys of different size, double up the buoys, etc., in order to make the starting, entrance & exit buoys, and score up buoy different from the other buoys on the race course.

Reason for change:

Race committees often have a limited number of different color buoys available. If one gets destroyed, they often do not have a replacement for it. This will allow the race committee to differentiate the buoys in a different way.
