

Race the Joe!

COVID SAFETY PLAN

- 1) Control and management of the pit area – All attendees will be screened with temperature check and advise to adhere to 6’ social distancing recommendation. The restrooms will be stationed 6’ apart with sanitation bin onsite. Food service vendor will adhere to social distancing recommendations. Signage that specifically relates to COVID protocols will be clearly visible to all race teams, vendors and spectators.

- 2) Shirley Ackerman will serve as our liaison with local public health authorities to ensure event is practicing safe COVID recommendations.

- 3) Race committee will encourage all race teams, spectators to practice social distancing throughout event weekend.

- 4) Hand sanitizing stations – Stations will be available at registration, judges stand and inspection.

- 5) Instructions for those on safety and rescue boats – Encourage all volunteers to wear mask in event not able to practice social distancing. Sanitizer will be provided for commonly touched areas such as the steering wheel.

- 6) All volunteers and race teams that have symptoms prior to or during the event will identify this occurrence and be expected to quarantine themselves and avoid contact and participation.

- 8) A cautionary notice that COVID requirements can change quickly due to state and local health departments and/or governmental requirements will be noted at event.
